

Room Layout Sheet

wait-sub-i

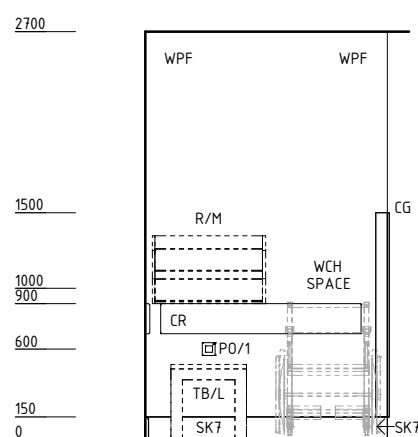

wait-sub-i

Waiting - Sub , 5 m²

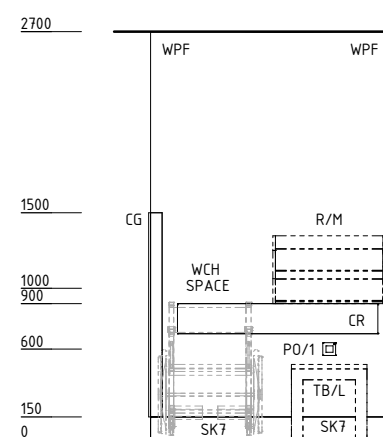

The floor plan shows a rectangular room with a total width of 6300 and a depth of 1650. The room is divided into three main sections. On the left is a 'FEMALE WAITING' area, 3150 wide, containing five stalls (two labeled TB/L and three labeled CHR/W) and a rest area. On the right is a 'MALE WAITING' area, also 3150 wide, with a similar layout of five stalls and a rest area. In the center is a 'WCH' (wash) area. Each waiting area has a '5 m²' rest area, which can be configured for 'FLOOR=CPT' or 'FLOOR=V1 (OPTIONAL)'. The plan also shows 'CR' (cabinets) and 'R/M' (reception/mirror) areas along the side walls, and 'CG' (cabinets/grocery) at the bottom corners. Dimensions are marked with dashed lines and arrows, and wall centerlines are indicated by 'C OF WALL'.
